 Saturday Final Retreat 10AM

## TROOP ACTIVITIES

### Cook A Meal In Your Site

We provide the ingredients, you take a break from the Dining Hall. An excellent way to meet Cooking Merit Badge requirements. See the Camp Business Manager for more information.

### Canoe to Taughannock Falls

Face the waves of Cayuga Lake. We provide the canoes, food for lunch or dinner and you get to see the tallest waterfall on the East coast. See the Program Director to sign up and more information.

### Troop Challenge

Challenge another troop to softball, volleyball, or some other sport of your choice. Troop can announce their challenge in the dining hall and then square off with their opponents on Wednesday evening or any night of their choice.

### Take a Hike to Frontenac Falls

Barton's very own slice of heaven, this secluded waterfall is 150 feet tall and can be viewed from below (gorge trail) or above (rim trail). Leaders must accompany Scouts on these hikes.

### Troop Shoots

Put your aim to the test and determine who's the best. Shoot for score or just for fun at the Rifle or Archery Range.

### Camp Barton Paul Kelsey Memorial Nature Trail

Throughout the stay at Camp Barton, scouts and leaders are encouraged to hike the Nature Trail. Originally designed by Paul Kelsey and Mike Stoll, the nature trail encompasses two separate trails that cover both the upper and lower sections of Camp Barton's beautiful landscape. Established and coordinated by the nature staff each summer, this trail is designed to challenge you both physically and mentally as well as guide you through the history and ecology of Camp Barton.
